

# LET'S GO ICE FISHING

Feb. 4, 2023 | Point Douglas Park - St. Croix River | 10, 11, Noon

## Learn to Ice Fish, FREE!

Have you ever wanted to learn how to ice fish? Or want your kids to learn but you don't have the gear? Let Wild Rivers Conservancy bring the ice fishing to you!

With help from the National Park Service and our friends at LS Black Constructors, we'll have all the necessities to help you or your child to catch their first fish. Learn ice fishing basics such as how to use the equipment, fish species identification, fishing rules, and regulations, and even get to try out some Junior Angler activities. All you need to bring is an excitement to learn and winter weather gear to stay warm out on the ice.

14500 Point Douglas Drive South, Hastings, MN 55033
